

Why Tier 1?

It is very difficult for college coaches to effectively evaluate young men at camps that have hundreds of players competing.

It is quite easy and refreshing for college coaches to get a strong and personal evaluation of your play and character at Tier 1!

Furthermore, college coaches who come to Tier 1 will know in advance that you are a strong student who is focused and committed.

This creates a win-win scenario for the coach and recruit. It is why a great number of our former campers are now playing competitive lacrosse at some top tier colleges and universities.

Finally, because of this unique environment, you will have much greater access to the coaches!

Act now and make a difference this summer!

Highlights

- Clearly defined mission ... to provide targeted exposure for top student-athletes.
- Focused attention for a selective segment of high school lacrosse players.
- Top quality staff and excellent facilities.

TIER 1

Lacrosse Camp

“You don’t need to go to every camp – you simply need to go to the right camp!”

June 15 – June 18
Dickinson College
Carlisle, PA

TIER 1

Our Mission:

Tier 1 is a targeted recruiting camp designed exclusively for proven student-athletes who aspire to attend a most selective college or university.

Our aim is to reverse the trend of massive camps that cater to all and focus on no one. Our mission is clear! We want to provide targeted exposure to top student-athletes.

Directors **Michael Murphy** (U. Penn) and **David W. Webster** (Dickinson College) both have vast experience with coaching and recruiting top student-athletes. They are committed to providing a summer experience that will directly benefit this special segment.

Tier 1 is not for everyone. Only student-athletes with a proven academic record and strong lacrosse skills will participate. Coaches from highly selective colleges and universities will make up our staff.

This formula has received enthusiastic support from players, coaches and parents alike. Simply, Tier 1 will maximize your exposure with the schools you are most interested in.
